COVID-19 Worldwide Supply Chain Impacts

- ✓ COVID-19 continues to affect worldwide activities, which has impacted DeCA's ability to provide an uninterrupted grocery benefit to our 236 commissaries.
- ✓ Manufacturer cuts, ship delays, port congestion, labor, driver and raw material shortages have all affected stock levels in our Distribution Centers, which have led to product delays and longer than expected periods of product unavailability.
- ✓ These interruptions are unpredictable and affect dry shelf-stable, frozen and chill products. Our greatest impact is to our chill products, which are date sensitive.
- ✓ These chill products include alternative milks (lactose free, almond), cheese, lunch meat, breakfast meats, sour cream, cream cheese, non-dairy creamers, canned biscuits, butter, margarine and yogurt (this excludes any chill items your commissary may get from local sources, i.e. milk and eggs).
- ✓ DeCA is doing everything possible to push manufactures to prioritize product to our commissaries and find alternative product sources when products become unavailable.
- ✓ DeCA remains committed to providing a world-class grocery benefit to our valued military communities and we appreciate your patience and understanding as we continue to work through these trying and often uncertain times.

Proud, Committed, and More.

POSITION DESCRIPTION

ELIGIBILITY FOR SPECIAL HIRING AUTHORITY

WARTAC is a skill-bridge education and employment opportunity for Wounded Warriors and transitioning Service members to complete a national-level VBA training program while still on active duty. Successful completion of this training program leads to an employment opportunity at 55 of VBA's 56 Regional Offices around the country.

WARTAC is open to Wounded Warriors and active duty Service members in the transition process. This is a 14-week program and provides participants with an opportunity to learn the skill set of a VA Rating Veteran Service Representative (RVSR).

RVSRs determine service-connection percentages of claimed disabilities. The RVSR works in a cubicle-style office environment in VA Veteran Service Centers (VSCs) and serves as the primary contact for assigning disability evaluations.

WARTAC is open to Wounded Warriors and Active-Duty Service members in the transition process that meet the 180 requirement(s). VRA is an excepted authority that allows agencies, to appoint. VA encourages disabled Veterans and those eligible for the Veterans' Recruitment Appointment (VRA) to apply.
